About Stratton:

- Stratton has over 600 acres of skiing divided on 97 trails that can be accessed by 11 lifts. From the base area the Gondola takes the skiers up 2000 vertical feet to the summit. All areas of the mountain can be accessed from the summit and skiers at most levels can choose trails of their preferred levels back to the base of the mountain.
- The village creates a centralized locale for swanky shops, gourmet and not-so-gourmet restaurants, and even a Bavarian-style clock tower—all linked by a heated cobblestone walkway.
- Located right across from the main entrance to Mount Snow, Timber Creek Cross-Country Ski Center offers 14km x-country and snowshoe trails, rentals and instruction. Trails meander through pine woods and climb hills with great views of Mount Snow.

About Olympia Lodge:

- Located less than 20 minutes to Stratton, the lodge is a family owned and we will have exclusive use. Amenities include home cooked breakfast and evening meals and lounge with fireplace and bar, free wifi and cable tv.
